Professional Experience

Web Designer at Ruckus Wireless

December 2013 - October 2016

Designed graphics and created illustrations in Adobe Photoshop and Illustrator for Ruckus sites and social presence. Created documentation in Adobe InDesign for customers, partners, and internal employees.

Graphic Designer at Yahoo!

November 2013 - January 2014

Localized product logos for over 40 countries, in collaboration with an in-house designer, using Photoshop and Illustrator. Produced graphical product tour in six languages.

Principal Web Designer at OT Mobility

August 2013 - September 2013

Worked with client to create wireframes and draft visual designs in Photoshop for a website showcasing their mobile service. Animated a product demo with Adobe After Effects and Illustrator.

New Media Specialist at SAIT Polytechnic

April 2011 - June 2013

Developed immersive, interactive online courses in HTML, CSS, and ActionScript 3 to create a successful and engaging learning environment for students. Illustrated eye-catching, informative diagrams for course materials. Collaborated with writers, new media specialists, and subject matter experts.

Volunteer Experience

Universal Artist at Agoge Inc.

September 2006 - October 2008

Created large illustrations for display above the fold. Illustrated pets, items, and components for the forum's "human avatar" system. Assisted fellow artists with their illustrations through helpful suggestions and constructive critiques.

Education

New Media Production and Design at SAIT Polytechnic

September 2009 - April 2011

Louise McKinney Scholarship. Graduated with honors.
